

For the meeting of:

Tuesday, Apr. 28th, 2009

Highlights: If you're leaving for an illness please let someone know. As a result of Tom's "episode"; Wulff discussed some basic First Aide concepts; basically it's **ABC-N**

- **Airway** –make sure their airway is clear and open
- **Breathing** – if they can't breathe, give mouth-to-mouth
- **Cardio** – make sure they have a pulse; the best place to check is just below the ear. Perform CPR if there is no pulse
- **Neurological** – try to keep the neck and spinal cord in a straight line with minimal movement
